Subject: RE: Nassau County - Transmittal of Proposed Comprehensive Plan Amendment -  
FLUMS-7 and Policy FL.01.02.H.2.a

Good Afternoon,

FDOT has reviewed the transmitted Nassau County 25-01DRI Comprehensive Plan amendment pursuant to Section 163.3184(4), Florida Statutes. The amendment includes a name change, reduction of designated light industrial use and a map amendment for the DRI site. As there is no increase in trips generated or new access points proposed, the proposed amendment is not anticipated to have significant adverse impacts to transportation resources or facilities of state importance.

We appreciate the opportunity to review the proposed comprehensive plan amendment and request that a copy of the adopted amendment, along with the supporting data and analysis be transmitted within ten working days after the second public hearing for FDOT review.

Best Regards,

Jacob Linton
