

Variance Petition for Family Hardship

Whereas to comply with the provisions of chapter 29 of the Nassau County ordinance for land split, an undue burden on our ability to transfer land to our son Daniel would exist:

1. Whereas the land rights from adjoining neighbors would need to be acquired to provide a 60' easement, and
2. Whereas an established 30' easement currently exist, and
3. Whereas our oldest son Matthew is on the autistic spectrum and will need living assistance throughout his lifetime,

We therefore petition for *relief from* this family hardship for the sole purpose of establishing a homestead for our son Daniel J. Perry.
